### SUMMARY

I'm a software developer in the Philippines, heavily experienced in SaaS platforms and custom software projects.

My primary stacks are *JavaScript* and *Typescript*, *Angular*, *React*, *Nextjs*, *NodeJS* and, *MongoDB* as my experienced database handle and data structuring.

Throughout the years, I have been employing myself to be the best in my industry. I've never stopped improving myself and seeking better knowledge to get what is necessary for my line of work.
